PRODUCT CERTIFICATE

č. 2233/222/§5a/2011

Manufacturer: IDOPS družstvo, Hýrošova 3, 811 04 Bratislava, Slovakia

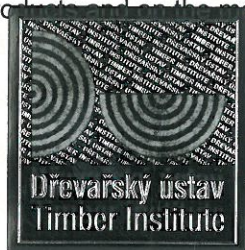

The authorized body Nr. 222 complying with provisions of section 5a, paragraph 1 of the ministerial order no. 163/2002 Coll., establishing technical requirements on the selected constructional products (hereinafter only ministerial order no. 163/2002 Coll.), based on examination of the materials provided by the applicant, tests of the product sample(s) and evaluation of the manufacturer's system of the production management or the method of inspection of the imported products by the importer, hereby issues this certificate for the product:

ZIPHOME BUILDING SYSTEM
- PREFABRICATED WOOD-BASED LOADBERING STRESSED SKIN PANELS
- WALL PANELS
- CEILING PANELS
- ROOF PANELS

By this certificate, the aforementioned authorized body certifies that the product conforms to the following constructional-technical certification: **STO-2233/11** of July 7, 2011, in the extent of the technical requirements related to the elementary requirements according to the Appendix no. 1 of the ministerial order no. 163/2002 Coll., and that the manufacturer ensures proper functioning of the production management system or that the importer insures proper inspection of the products.

This certificate has been issued based on the certification report no. **PCV-2233/11** of July 7, 2011, including conclusions of the recognition, testing and test results, description and/or representation of the certified product needed for its identification, as well as the terms of the certificate validity. This certification report forms an integral part hereof.

This certificate, as a document of the product compliance with technical requirements as set in time of this certificate issue by the ministerial order no. 163/2002 Coll., and as a document of the product compliance in accordance with section 5 of the aforementioned ministerial order, has been issued to the applicant to be used for the purposes as are implied by section 13 of the Act Nr. 22/1997 Coll., on technical requirements on the products and on the modification and amendment to certain acts, as amended.
